

LYME ART ASSOCIATION  
LYME, CONNECTICUT

WALTER C. NOYES, PRESIDENT  
WILL HOWE FOOTE, VICE-PRESIDENT  
EDWARD F. ROOK, TREASURER  
CLARK VOORHEES, SECRETARY

A permanent art gallery will be erected in Old Lyme, and completed in time for our annual exhibition next summer, if we can secure the prompt support of a number of those who are interested not only in pictures, but also in furthering the progress of American Art. The purchase of a picture from our next exhibition will be a direct contribution to the building fund.

Every artist in the association has agreed to contribute to the building fund \$200.00 of the purchase price of any of his works that may be sold. In order that this pledge may be made immediately available, we are asking a few picture lovers to purchase a painting or sketches to the value of at least \$200.00

Will you not agree to buy a picture from the forthcoming display, and send your check for \$200.00 to the Treasurer now? The sum will be placed to your credit to be applied to the purchase of any work which you may choose. In case of your inability to attend this next exhibition, arrangements will be made for subsequent selection.

We have been assured a building loan that will enable us to erect a gallery, provided we can slightly increase our present cash capital. It is only by securing your immediate cooperation that we will be able to proceed at once with our building program and complete the work in time to hold the next exhibition in our own gallery.
